It Was Written by the Russian Ambassador and Exonerated the Accused From Blame for the Sale of Military Secrets—Is Now in Mrs. Dreyfus' Possession.

London, Nov. 21.—[Special]—A Paris dispatch says the mysterious document in the Dreyfus case on the strength of which several ministers of war upheld the punishment of Dreyfus is now said to have been written by Gen. Fredericks, the Russian military attaché in Paris. It says the man who was responsible for the sale of military secrets was Dreyfus. Subsequently Fredericks wrote a letter in which he says he was deceived by Esterhazy and Henry, and that Dreyfus was not guilty. This letter is now in possession of Dreyfus' wife. It was on the strength of this letter that the court of cassation ordered a revision of the trial.

## PHILIPPINES MUST COME UNDER FLAG

### ENTIRE GROUP WILL BE CONTROLLED BY UNCLE SAM.

Spanish Commissioners Take Further Time to Consider the American Ultimatum—It is Believed Their Only Alternative Will be Its Acceptance—An Answer Tomorrow.

Washington, Nov. 21.—[Special]—The following is a concise statement of the status of the peace negotiations at Paris: Spain's repudiation of all debts secured by pledging the revenues of the islands lost in the war now seems certain. It is semi-officially announced in Madrid that the holders of the Cuban bonds will be at once notified that they must look to the nation exercising sovereignty over the island and collecting its taxes for payment. Similar action is expected regarding the Philippine obligations, Spain claiming her responsibility ends with the passing of control.

A joint session of the peace commissions will be held in Paris today, the Americans having completed their reply to the Spaniards. This communication will be practically an ultimatum, and closes the argument, so far as the representatives of the United States are concerned.

The Americans demand cession of the Philippines, on the terms they offer, warning Spain that in case of refusal she will not only lose the islands and others, but will become liable for still further war indemnity.

## MUST ANSWER IN A WEEK.

Terms Upon Which the United States Will Insist to the Last.

Paris, Nov. 21.—[Special]—The American peace commissioners have delivered the following as their reply to the last Spanish memorandum and final terms which the United States will accept:

"The proposal of arbitration and the Spanish interpretation of the third article of the protocol are rejected, because they would be a virtual surrender of the functions of the peace commission. The United States offers Spain \$20,000,000 in cash for the Philippines; also the same trading terms for a series of years as American ships. The United States further declares the policy of an open door in the Philippines, and also the mutual recognition of all public and private claims between Spain and the United States since the beginning of the Cuban insurrection. This is intended to imply that the government will settle the claims of its own citizens against the other country and the re-establishment of ante-bellum treaties. The foregoing is within the scope of the protocol. The United States adds an offer to treat for the purchase of one of the Caroline Islands and cable stations at various points. The Americans also insist upon the religious liberty of the Carolines and of the treaty of '86."

The session of the joint commission was adjourned until Wednesday. Spain is given a week to answer.

## ULTIMATUM TO SPAIN.

American Commissioners at Paris Will Submit It Today.

Washington, Nov. 21.—[Special]—The final statement of the American commissioners will be presented to the representatives of Spain at Paris, and it will contain a strong ultimatum that the Spaniards must make a definite reply before the end of the week or take the consequences. Rumors were afloat that Secretary Long had ordered a formidable fleet to rendezvous at Fortress Monroe for the purpose of making a demonstration against Spanish coast cities if such a course should become necessary. Secretary Long would not discuss the matter when questioned about it. It is certain, however, that this government does not propose to be caught unprepared for any emergency. It has been the policy of the government to keep all the ships out of the dry docks if in need of repairs which require more than three or four days' work. The battleship Massachusetts is in bad shape and requires extensive repairs, but when it was learned that this fighting monster would be out of commission for nearly two months in order to put it in first-class shape, Secretary Long decided to postpone the work until after a treaty of peace is signed.

The fire started in Mitchell's large livery barn and was soon communicated to the Grand Leader department store across the street. **Money for Gen. Blanco.**  
Havana, Nov. 21.—Capt. Gen. Blanco has received from Paris a cablegram authorizing him to draw on Paris for \$2,000,000 in gold to be applied in the payment of the Spanish troops in Cuba. This amount is in addition to the proceeds of the draft for \$425,000 by the Madrid government on London, which was sold here last week.

### NO WASTE OF WORDS.

Evidence Which Is Right to the Point and Reliable.

Judge Frank Ives of the District Court of Crookston, Minn., says: "For some time I have used Stuart's Dyspepsia Tablets with seeming great benefit with few exceptions. I have not been so free from indigestion in twenty-five years."

George W. Roosevelt, U. S. Consul to Brussels, Belgium: "Stuart's Dyspepsia Tablets, safe, pleasant to take, convenient to carry, give keen appetite, perfect digestion."

Mr. W. D. Tomlin, mechanical engineer, Duluth, Minn.: "One box of Stuart's Dyspepsia Tablets has done its work; and I am gaining flesh and strength."

O. E. Ransom, Hustonville, Ky.: "I was distressed and annoyed for two years with throwing up food, often two or three times a day; had no certainty of retaining a meal if I ate one. Four boxes of the tablets from my druggist have fully cured me. I find them pleasant to take, convenient to carry."

Rev. G. D. Brown, Mondovi, Wis.: "The effects of Stuart's Dyspepsia Tablets is simply marvelous; a quite hearty dinner of broiled beefsteak causes no distress since I began their use."

Over six thousand people in the state of Michigan alone in 1894 were cured of stomach troubles by Stuart's Dyspepsia Tablets.

Full sized packages may be found at all druggists at 50 cents, or sent by mail on receipt of price from F. A. Stuart & Co., Marshall, Mich. Send for little book on stomach diseases, mailed free.

Three to two, Favorite Base Burners have three hot air flues. Other stoves have but two.

Never noticed the flues?

Most people haven't.

Flues carry the heat from the fire pot around the stove. In a three-flue stove (the Favorite) two flues carry the heat down the outer edges of back and around the extreme outer edges of base to the front of the stove. Here they unite and return across the center of base and up the center of back.

Three flues on the back of stove, three flues on the base of stove.

Every inch of the stove a positive heating surface.

A two-flue stove has but one flue down and one flue up.

The three-flue arrangement spreads the heat to the extreme outer surfaces of the back and of the base.

The more heating surface you have the less coal you waste.

## COW CAUSES A BAD WRECK.

Jumps Between Engine and Car of a Big Four Train.

EIGHT PASSENGERS INJURED.

Carriages Thrown Down an Embankment at a Bridge Three Miles East of Alton, Ill.—Painful Injuries Caused by Broken Glass.

Alton, Ill., Nov. 21.—A special train on the Big Four was wrecked at 7:10 o'clock Sunday evening at Wood river bridge, three miles east of this city. Eight persons were injured. They are: Miss Louise Hess, Pana, Ill.; terribly wounded about the head; spine broken and other injuries; will probably die. James Long, policeman, Alton; legs and an arm broken; injured about the head.

Mrs. Augusta Baudendecker, Bethalto; shoulder dislocated; cut on the face. Mrs. H. S. Dorsey, Gillespie; collar bone and left arm broken.

George Dorsey, Gillespie; severely wounded about the head and shoulders. Emma and Ollie Clawson, East Alton; slightly bruised.

Students from Shurtleff college; slightly injured.

The train consisted of an engine and a car. Conductor Lewis Barton was in charge and there were thirteen passengers aboard. The train is sent out every Sunday evening to East Alton to meet the main-line excursion train out of St. Louis to Mattoon. The train left here at 6:55 o'clock and was due at East Alton at 7:15. About a mile this side of East Alton is a wagon-road crossing, and 150 yards further on is the new steel bridge over Wood river. After the train passed the road crossing Engineer Swettenham noticed a cow on the side of the track. The animal was running and jumping. The engine passed the animal. But just at this juncture the cow plunged toward the train and went between the engine and car. This caused the car to be derailed and it swung over sideways. The top of the car struck the heavy steel uprights of the bridge.

As a consequence the top of the car from the window sills up was literally torn from the bed of the car and plunged into the water below. The bottom half of the car went into the bridge, but the rear trucks were left standing at a point this side of the river. The passengers were hurt by the crashing beams from the sides of the car. Window glass flew in every direction, and many faces were cut.

Conductor Barton was unhurt. Miss Hess, Mrs. Baudendecker and George Dorsey went into the river. A falling timber struck Dorsey. Long was thrown out on top of the embankment. The others were also thrown out on the ground. All the passengers have been accounted for.

**Freight Engine Is Blown Up.**  
Lima, Ohio, Nov. 21.—Engine No. 709, pulling the second section of west-bound freight No. 93 on the Chicago & Erie road, blew up Sunday morning while the train was in motion near Converse, twenty miles west of this city. The locomotive was destroyed and Fireman David Little of Huntington, Ind., was killed. Engineer Walter Shirliff, Conductor Ed Quick and Head Brakeman Frank Smith, all of Huntington, Ind., were also on the engine at the time and were blown into the air with the wreckage and fearfully scalded and otherwise injured.

**Three Hurt in a Wreck.**  
Toledo, O., Nov. 21.—A fast passenger on the Cincinnati, Hamilton & Dayton Sunday afternoon crashed into the rear end of a freight near Toledo. Three persons on the passenger were seriously injured. They are:

C. S. Roebuck, fireman; bad cut on the head and internal injuries; may die.

Frank Weaver, brakeman; two ribs broken and badly bruised.

Unknown passenger; slight scalp wounds.

The engineer and fireman escaped injury by jumping from the train.

**Insurance Companies Beaten.**  
Ottawa, Ill., Nov. 21.—Judge Blanchard has decided the Heenan test insurance case, in which the point involved was whether or not store fixtures are a part of the building and therefore real estate, or purely personal property, in favor of the D. Heenan company, increasing the amount to be paid by the defendant Niagara company and its associates from \$22,500 to \$29,000. The case is now to go before the appellate court, and will go thence to the supreme court for final hearing.

**Anti-Cigarette Law Upheld.**  
Knoxville, Tenn., Nov. 21.—The anti-cigarette law passed in 1897 by the Tennessee legislature is declared constitutional by a decision of the supreme court. The decision provides that the cigarettes are not legitimate articles of commerce because they are noxious and deleterious to health, and do not, therefore, come under the federal provisions relative to commerce.

**Storms in Southern France.**  
Paris, Nov. 21.—Dispatches from Perpignan, capital of Pyrenees-Orientale, on the right bank of the River Tet, report that the region has been visited by severe storms. Many villages have been flooded and traffic is interrupted.

**Death of Dr. Kane.**  
Belfast, Ireland, Nov. 21.—The Rev. Dr. Kane, rector of Christ church, Belfast, and grand master of the Belfast Orangemen, died Sunday from a stroke of apoplexy.

Pope Leo as a Chess Player.

It may not be known that Leo XIII. is an ardent lover of chess. He has been a constant player for over thirty years, and his skill in the game is anything but mediocre. His holiness's favorite opponent used to be Father Guilio, with whom he was in the habit of playing when he was Cardinal Pecci. On being raised to the pontifical throne, he summoned Father Guilio from Florence, where he was then stationed, and gave him apartments in the vatican. Father Guilio was said to combine a rare mastery of the game with an exceedingly irascible temper. Sometimes, during a game with his holiness, he would burst out into an ungovernable fit of rage. On such occasions Leo XIII. immediately interrupted the contest, and proceeded to deliver a little homily on the virtues of Christian resignation and self-control.

**Floors Made of Paper.**  
The newest floor is made of paper, and is of German importation. The paper is imported in a dusty, powdery form, and is then mixed with a kind of cement which gives substance to the impalpable stuff and a plaster like appearance. It is said that when the floor is laid, the absence of joints and seams like those of the hard wood floors is a distinct improvement and without the inconvenience of catching dirt. The paste of which the floor is composed is laid on and then rolled out with a heavy roller, specially adapted for the purpose, something like the street roller for asphalt. The floor when smooth, hard and dry is either stained or painted.

**Crowning Virtue.**

BELTON, Mo., July 27.  
For years I suffered terrible pains every month and my doctor told me I could not be cured except by an operation. I felt I could not submit to that and was so despondent I had given up all hopes of a cure. My husband insisted on my trying Wine of Cardui and at last thank God I did try it. Last month I did not have a pain, and did all my work, which I had not done in seven years.

**MRS. MINNIE LITTLE.**

**Wine of Cardui**

Modesty is the crowning virtue of American women. It is the trait that all mankind admires. A modest woman is the most pleasing of all created things. Because of this becoming virtue thousands of women prefer to suffer untold miseries rather than confide their troubles to a physician, and to even think of submitting to an examination is revolting. They can't get their own consent to an operation. Wine of Cardui permits sensitive women to retain their modesty. With it they can cure "female troubles" in the quiet of their own rooms. If special treatment is required they can write to the Advisory Department of the Chattanooga Medicine Co., and their letters will be promptly answered by women trained in the cure of womanly weaknesses and irregularities. There should be no hesitation. Delayed treatment means a chronic condition. The longer postponed the harder to cure.

TRUSTS IN UNITED STATES

That trusts are in nowise fostered by the tariff is made evident by the history of the great combinations of wealth now in existence in this country. The most powerful of all the trusts, the Standard Oil, was organized during Cleveland's administration. The whisky trust is without government aid; the railroad trusts have no relation to tariff; the steel rail trust is an exporter and therefore above the influences of protection; the cotton seed oil trust was organized during Cleveland's last administration. And so it was through the entire list of trusts, the greater number of which were organized during the life of the Wilson-Gorman bill and while a democrat sat in the presidential chair.  
Capital will combine to resist foreign competition as readily as it does to overcome domestic rivalry. In fact, the formation of trusts gained its greatest impetus when the country was first threatened with free trade, following the long period of protection dating from the time of Lincoln to the first democratic victory in the nation—Ogden (Utah) "Standard."

WORKING OUT SPLENDID RESULTS.

Considering the total exports, the figures relating to the United States are extremely gratifying when compared with those of the leading countries which are looked upon as our rivals in the commercial world. The total domestic exports of the United Kingdom are given in 1886 at 213,000,000 pounds sterling, and in 1886 at 240,000,000 sterling, and in 1896 at 240,000,000 pounds sterling, a gain of about ten per cent. Those of France in 1886 are given at 3,248,800,000 francs, and in 1896 at 3,400,900,000 francs, a gain of only five per cent. Those of Germany in 1886 are given at 2,985,600,000 marks, and in 1896 at 3,525,100,000, a gain of about 18 per cent.; while the domestic exports from the United States in 1886 were \$665,964,628, and in 1896 \$863,200,487 an increase of nearly 30 per cent. When the full figures for 1898 shall have been made up a much larger relative gain will be shown. As a matter of fact the United States today has in all the world no commercial rival. The American policy seems to be working out splendid results for the American people.—American Economist.

# S. C. SPAULDING KILLS HIMSELF.

Tragic Suicide at Oak Hill Cemetery.

FORMER JANESVILLE MAN  
BLOWS HIS BRAINS OUT.

Came From Villa Ridge, Ill., Apparently, For the Express Purpose of Ending His Existence on the Grave of His Daughter—Seven Letters Left For Friends and Relatives—Was Tired of Life—Inquest Is Ordered.

Stephen C. Spaulding, formerly a Janesville jeweler, came all the way from his home at Villa Ridge, in the southern part of Illinois, to blow his brains out on the grave of his daughter. His body was found half an hour after the fatal shot was fired yesterday afternoon. Beside him lay the thirty eight caliber revolver he used to end his existence by sending a bullet into his temple. On his body several letters were found, one of them saying he had made a failure of life, and that his remains would be found on the grave at Oak Hill. The fire patrol was called, and he remains taken to Frank D. Kimball's undertaking rooms. Justice L. F. Patton at once summoned a coroner's jury, and the inquest was adjourned.

Stephen C. Spaulding was an exceedingly well preserved man, seventy-eight years of age. He came to Janesville about ten days ago, for a visit—not having been here since nineteen years ago. He registered at the Hotel Myers, but had not been there since last Thursday. He visited his old time friends in the city, and seemed to be in excellent spirits. He called at The Gazette office, and talked about the early days in Janesville, enquiring about the men he knew while in business here forty years ago.

**Planned His Suicide.**  
The plans for his tragic death were evidently carefully laid. He boarded a street car at 1 o'clock, and went to the cemetery. The street car motor man remembered him well. At the cemetery he left the car, and walked into the grounds. About an hour later two boys found his body on the grave. He was lying on his face with his right arm propped up as if in the act of holding the pistol. A gaping bullet hole in the temple showed the cause of death, while the implement used—a 38-calibre revolver, using a long cartridge—lay close to him. He was dead, but rigor mortis had not yet set in. Evidently he had been kneeling or lying on his face as the shot was fired.

The boys at once gave the alarm, and an ambulance was sent for. The body was then taken care of. Dr. W. H. Palmer made an examination, and the coroner's jury was summoned. Sheriff Acheson took charge of the case, and at once wired to relatives of the dead man at Villa Ridge.

**Letters Were Left.**  
Spaulding left half a dozen letters. They had all been carefully written, dated, directed and stamped. Three of them were directed to "H. E. Spaulding, Villa Ridge, Ill." H. E. Spaulding, it is thought, is the dead man's other. One letter was directed to Lawrence E. Spaulding, who is supposed to be a son of the suicide. There were three letters directed to Janesville—Cyrus Miner, Volney Atwood and Fred Dewey. In one of these letters Spaulding gave the evidences of the state of mind that caused self destruction. He said that his life had been a failure, and that he supposed his action would occasion some surprise. He said he desired to be buried here, under the spires of Odd Fellows, Lodge No. 14. It was not necessary to telegraph his relatives, he stated, as they would learn his act through the letters he had written to them.

During his visit here Spaulding gave evidence of mental disturbance, although he had made the remark that he had nothing to live for.

**Once Lived Here.**  
Spaulding resided in Janesville some twenty years ago, being engaged in the jewelry business. At one time he occupied the brick building on South Main street, now occupied by the Harvey company. Later he moved to the Myers block, having his store in the position the building now taken up by the city office. Later still he sold out to late J. A. Webb, founder of the business now conducted by Hall, Sayles & Field. Mr. Webb then moved to the opinion block, in the quarters now occupied by the Bower City Bank.

In the early sixties, Mr. Spaulding came to Janesville, going to Villa Ridge, where he engaged in fruit farming. While residing here Mr. Spaulding had an interest in city affairs, and belonged to the fire department—the old clock company, now the fire police. He was also a member of the Masonic order and an Odd Fellow.

wish to be buried with my family. "I shall never be nearer home than now. Yours in F. L. and T., S. C. SPAULDING.

"P. S. At some future time my brother may tell you why I commit this act; I will say it is in the line of honor—a fit ending to a long life of integrity. "Be sure and mail my letters to Clarence and Herbert E. Spaulding." On the back of this note, written in pencil, evidently as he was resting on his daughter's grave, were the words: "I lay myself on my child's grave in Oak Hill cemetery."

S. C. SPAULDING.

Sheriff Acheson received a telegram from E. H. Spaulding this afternoon, saying that he would be in Janesville tomorrow, and to have the remains properly cared for.

**The Inquest.**  
Under Sheriff Wallace Cochran subpoenaed the following coroner's jury which met today in Justice Patton's office:

F. L. Clemons, John C. Spencer, W. E. Evenson, C. C. MacLean, Bert Barker and William Ross.

The following witnesses testified: Cyrus Miner, Alfred Dewey, Arthur Ott, Volney Atwood, Earl Mead, T. J. Smith, A. J. Gilbertson, John Brown and Dr. W. H. Palmer.

Cyrus Miner, Alfred Dewey, and Volney Atwood testified to receiving letters from deceased. Otto Smith testified of deceased stopping at his hotel. Mead and Smith were the boys who first discovered the body in the cemetery. Gilbertson, Brown and Ott testified as to how the body looked when they arrived on the scene. Dr. Palmer told of the nature of the wound, how death must have been interwoven.

The jury, after viewing the remains, brought in a verdict that deceased came to his death as result of a self inflicted gun wound.

## BALFE USED VILE LANGUAGE AT DORN'S

IS ARRAIGNED IN THE MUNICIPAL COURT THIS MORNING.

He is Alleged to Have Visited the Dorn Home While Spoiling for a Fight—Beloit Case Will be Tried Tomorrow Morning—Janish Discharged.

John Balfé has been on trial in the municipal court today on the charge of assault and battery, the complaining witness being Ira Dorn, who resides on North River street near Ravine. According to the complaint Mr. Balfé made himself quite conspicuous at the Dorn home on the night of last Sept. 3.

For the state a number of witnesses took the stand. Mrs. Mary Dorn was the first to occupy the seat, and in a clear tone of voice she related what took place on that eventful night. She said that Balfé came to her home about 10:30 o'clock on the night in question and after being refused admission, he commenced to stone the house.

Miss Daisy Dorn, who went to the door when Balfé knocked, testified to the vile language the defendant is alleged to have used.

Mr. Dorn swore that Balfé stated that he was looking for trouble, and that he was willing to meet all half way.

The following jury heard the issues in the case: William Gunn, William Richter, Henry Rogers, A. F. Lester, Adam Sanner, and Orin Baker.

T. S. Nolan, of Sutherland & Nolan, appeared in the defendant's behalf, while the state was ably represented by Attorney J. J. Cunningham.

**A Beloit Case.**  
Scott Garland and Mary Garland, "May Morse," of Beloit, who are charged with the unnatural crime of incest, were brought into court for the purpose of having a jury drawn which is returnable tomorrow morning when the case will be tried. Silas Menzies, of Beloit, appeared for the defendants. In default of bail they went to the bastille.

**Jen Janish is Discharged.**  
In the assault and battery case in which Jen Janish was the defendant, there were but two witnesses sworn, the defendant and the complaining witness, John Ryan. As both testified to exactly the opposite in their version of the affair, the court discharged the defendant. Edward H. Ryan appeared for the complainant and Stanley D. Tallman for the defendant.

The case of the state against E. N. Mayer, who is charged with forgery, came up in the municipal court this morning and was again adjourned.

**Story of a Woman.**  
This is the story of a man who went into a store to buy a nickel spool of thread—he wanted nothing more. The floorman took him by the arm and directed him right to where a blonde presided from morning until night. He bought the thread and settled with a sort of reckless dash and the blonde girl lifted up her voice and loudly called for "Cash." Then came a little short-haired girl, with beads about her neck, who took the thread to another clerk, who entered up the check; she then transferred it to a boy in uniform and cap, who took it to the basement for another clerk to wrap. Two hours later it came back only to be rejected by the blonde girl, just because it wasn't marked "inspected." Then for another hour it went from place to place, till at last the thread and purchaser were brought face to face. Grabbing it he hurried home and said unto his wife: "Had I tried to spend a dollar they'd have kept me there for life."

**Might as Well Give Up.**  
An Iowa judge was telling stories in a hotel lobby, and he related an amusing incident that had occurred in his court when a colored man was brought up for some petty offense. The charge was read, and as the statement "The state of Iowa against John Jones," was read in a loud voice, the colored man's eyes bulged nearly out of their sockets, and he seemed perfectly overcome with terror and astonishment. When he was asked if he had anything to say, or pleaded guilty or not guilty, he gasped out:

"Well, yo' honah, ef de whole state o' Iowa is agin this one pore nigger, I see gwine to give up right now."—Chicago Journal.

**Simple Cure for Insomnia.**  
A physician quoted by the Boston Transcript says that acute insomnia may be promptly cured by the practice of deep breathing. Draw into the lungs as much air as possible and do not exhale it until obliged to, and then as slowly as possible. It is somewhat of a task when the night is oppressively warm, but if persisted in is fairly sure to relieve that hyperaemia of the brain which everyday folk call wakefulness. The tricks of the sleepless to induce sleep are many, but none is found to be more immediately efficacious than this plan of forcing the lungs to take the burden off the brain and nerves.

## WORDS OF WISDOM SPOKEN IN PULPITS

SOME APHORISMS FROM THE  
SERMON OF REV. W. A. HALL

Thoughts That May Awaken a Love  
for Deity Stated in Brief Paragraphs  
—Rev. Mr. Kempton Speaks Upon  
the Lord's Prayer, the Greatest of  
All Petitions.

The following are some of the best  
sentences spoken by Rev. Walter A.  
Hall yesterday. They were taken from  
both sermons:

Poverty is seldom a passport to help.  
Plenty shuts and locks want in with its  
own helplessness.

You have seen a human pyramid. So  
men form and endure to lift the high.

God helps the resourceful. He puts  
the sky in Edison's fingers.

To live rightly, fully, in our own  
mortal weakness, is a giant task for a  
baby strength.

Watch that sunbeam. It says to  
that tiny bud "Wake into bloom."  
That is the Infinite stooping to the lit-  
tle.

The weak child comes to mother while  
the strong child plays.

Christ poured out all his life, that we  
might live; all his love that we might  
love; all his power that we might be  
strong.

A little lichen, that the fingers' pres-  
sure easily powders, outranks the whole  
Rocky mountain range. It lives.

From anamulacule to man is a leap to  
the stars.

You will somewhere outlive death's  
death.

Spiritual life brings us up into the  
white splendor, where angels dwell—  
yes, into the very presence and distinct  
consciousness of the God of love.

Why did he create man and woman  
in his own image? That he might listen  
to their prayer and praise, that he might  
comfort them, that he might take them  
into his everlasting embrace.

### THE PRAYER OF PRAYERS.

Sermon By Mr. Kempton At the Baptist  
Church.

A large congregation greeted Mr.  
Kempton. His subject was "The Prayer  
of Prayers." His text was in Matt 6  
5-15. The Lord's Prayer is woven into  
our very lives.

This is the model prayer. We should  
always pray with the same spirit.

The prayer is suitable to all classes,  
and to all conditions of men. It is God's  
universal gift to his children. It will  
never die. It will be a hymn of praise  
in heaven. This prayer is like the beati-  
tudes which were uttered by the same  
Saviour that gave this prayer to us.  
There are two great divisions  
God and Man. The first  
general division relates to God. All  
who truly repeat this prayer are broth-  
ers. God is "Our Father." All over  
the world, in every condition of life,  
God's children are repeating this  
prayer and thus proving our brother-  
hood.

This prayer shows us that we should  
put God first in our lives.

Christ's kingdom is one of character.  
Not of strength or greatness of num-  
bers, but greatness of life, and we are  
to pray that God may bring forth that  
time when true character shall reign in  
all hearts.

We are to utter the prayer "Thy will  
be done," when we are trying with all  
our strength and powers to bring about  
the doing of that will. This teaches us  
to be unselfish in our petitions.

The daily bread upon our tables is  
just as truly from God as was the  
manna in the wilderness and we are  
to thus consider that all we have comes  
from God and we are commanded to ask  
for this bread in the spirit of unselfish-  
ness and dependence upon God our  
everlasting Father.

We should forgive that we may be  
forgiven by God.

Again this prayer teaches us that we  
are liable to be tempted by the devil and  
we should ask to be delivered from his  
power by our kind Heavenly Father, who

is able to "deliver us from the evil one."  
May God help us to use this prayer  
understandingly and lovingly.

After the service there was baptisms.  
Prof. J. S. Taylor led the Young  
People's meeting.

Mr. Kempton's evening subject was  
"The New Birth."  
An interesting after meeting was held.

## TOMORROW FOR THE FUN

"Why Smith Left Home" At the Myers  
Grand Tuesday Night.

George H. Broadhurst's new farce  
"Why Smith Left Home," which will be  
the attraction at the Myers Grand,  
Tuesday, Nov. 22, is said to contain  
some well defined and nicely designed  
character studies although it is of the  
farce order. The role of Mrs. Smith, for  
instance, is developed on a much higher  
plane than is general in such plays.  
Mrs. Smith, which is portrayed by  
Marion Giroux is a dashing bright

MARION GIROUX.

clever young woman of about twenty  
and a bride of six months. Since her  
childhood she has been reared by her  
aunt who having failed to secure hap-  
piness in her two matrimonial ventures  
insists that the trustworthy husband is  
like the sea serpent in that he is sup-  
posed to exist but doesn't. Many are the  
lessons she has given her niece on  
this subject, but as her faith in her hus-  
band has never been shaken, Mrs. Smith  
only laughs at the older woman's pre-  
cepts. An incident occurs at the end of  
the first act, however, which places Mr.  
Smith in rather an equivocal light, and  
the seeds sown by the aunt spring up  
suddenly and bear an abundant harvest  
of suspicions, doubts, and fears. She re-  
fuses, however, to be convinced without  
actual proof that her faith has been  
given foolishly, and the author utilizes  
this to enable her to work out her own  
salvation. The roll is said to be essen-  
tially a high comedy character and one  
of the best parts Mr. Broadhurst has  
yet written.

"T & T," the new brand of coffee in

Spice Co. is in perfect keeping with the

for some time, but failed to locate the

The wound is not considered dangerous

### THANKSGIVING FOR WAIFS

City Missionary Mary Kimball Proposes  
a Dinner for the Poor.

The joyous Thanksgiving day will  
soon be here, and I propose upon that  
day to serve dinner in the new mission  
chapel on South Jackson street, to the  
children, of whom, "the who spake as  
never man spake," said, "suffer the lit-  
tle ones to come unto me and forbid them  
not," and then clasped in his loving em-  
brace, as if to convince the world that  
they were among his most precious  
treasures. Let us do all we can to  
bring joy to the hearts, and comfort to  
the stomachs, of those who seldom know  
what it means to sit down to a good  
square meal in their own homes, some  
of whom can be found any day in the  
alleys picking over the garbage thrown  
out of our stores. Merchants please  
send in donations of coffee, sugar, fruit,  
vegetables, candies, and anything eat-  
able. Farmers please send in farm pro-  
ducts, such as potatoes, butter, etc.  
Bakers please send in a good supply of  
the various kinds of baking. Those who  
cannot send food please bring or send in  
donations of money, which can be used  
in purchasing supplies for the occasion.  
Ladies, when cooking for your loved  
ones, please remember those out in the  
street, and in the homes of destitution,  
and cook and bake more than you need,  
and send it to the mission, 106 South  
Jackson street. Some one will be at the  
mission daily to receive donations.  
Dinner will be served at 2 p. m. Mary

## ERRY WEDDING BELLS ARE RINGING

MUELLENSCHLAGER-ROESLING  
NUPTIALS CELEBRATED.

Dr. Frank Farnsworth and Marion  
Wiggins United in Chicago—Thomp-  
son-Foley Marriage Tomorrow  
Evening—To Be Joined in Wedlock  
Thanksgiving Day.

At St. Patrick's church this morning  
Rev. E. M. McGinnity pronounced the  
magic words that united as husband  
and wife Miss Marie Mullenschlager and  
Frederick Roesling, both of this city.  
Following the ceremony the happy  
couple were driven to the home of the  
bride's parents, where a wedding repast  
awaited them.

Both bride and groom are well known  
and highly respected. The bride is the  
daughter of Mr. and Mrs. Charles Muel-  
lenschlager, of 210 Lincoln street, and  
for the past few years has held a posi-  
tion in the Wheelock crockery store.  
The groom is the son of Mr. and Mrs.  
Frederick Roesling, of 262 South Main  
street, and is a contractor by trade.

After a wedding trip east Mr. and  
Mrs. Roesling will take up their home  
on Racine street, where the best wishes  
of a host of friends will follow them.

### Thompson-Foley

At St. Patrick's church paragonage to-  
morrow evening Rev. E. M. McGinnity  
will pronounce the words that will unite  
as husband and wife Frank Thompson  
and Miss Annie Foley, both of this city.

For twenty-six years Mr. Thompson  
has been employed at the Hotel Myers,  
and his friends in this city are numbered  
by the score. Miss Foley for a number  
of years has been head waitress at the  
same hotel, and is a lady who has the  
highest esteem and respect of all. Mr.  
and Mrs. Thompson will take up their  
home on Gold street.

### Farnsworth-Wiggins.

On Wednesday of this week, at the  
home of the bride's brother in Chicago,  
will be solemnized the marriage of Dr.  
Frank B. Farnsworth and Miss Marion  
P. Wiggins, both of this city. The cer-  
emony will be witnessed only by a small  
number of immediate relatives, and after  
a brief honeymoon in Chicago, the happy  
couple will return to this city to take  
up their home with the bride's father, on  
North Jackson street. Both prospective  
bride and groom are too well known to  
need any introduction.

### Johnson-Kemmett.

Miss Sarah F. Kemmett and Edwin  
E. Johnson will be married at the pa-  
ragonage of St. Mary's church Thank-  
sgiving afternoon at 4 o'clock, Rev.  
Father Wm. A. Goebel officiating. Both  
of the young people are residents of  
this city, the bride-elect being a daugh-  
ter of Mrs. Mary Kemmett, 219 Jackson  
street, and the groom-to-be a son of  
Mrs. Ellen M. Johnson, 215 Terrace  
street.

### A Sure Sign of Croup.

Hoarseness in a child that is subject  
to croup is a sure indication of the ap-  
proach of the disease. If Chamberlain's  
Cough Remedy is given as soon as the  
child becomes hoarse, or even after the  
croupy cough has appeared, it will pre-  
vent the attack. Many mothers who  
have croupy children always keep this  
remedy at hand and find that it saves  
them much trouble and worry. It can  
always be depended upon, and is  
pleasant to take. For sale by People's  
Drug Co.

### CONSIDERABLE CORN SOLD

Local Dealers Buy One Hundred Tons in  
Two Days.

One hundred tons of ear corn was  
hailed into Janesville Friday and Sat-  
urday of last week and disposed of to  
local dealers at \$6.50 a ton. This con-  
signment is considered a good sized  
purchase for two days, and was brought  
in by farmers who reside many miles  
from the city. Norcross & Doty, on the  
west side, and Fetherstone, on the east  
side, were the purchasers.

At one time fifteen loads stood at the  
Norcross & Doty mill waiting to be un-  
loaded.

### Queer Lighting.

Last Saturday a queer freak of light-  
ning occurred at Creston, W. Va. Four  
men were playing poker on a large  
rock under a cliff during a severe elec-  
trical storm, and suddenly lightning  
struck the stone table, hurling the  
men for some distance, but not se-  
riously injuring them, while the money  
on the table was equally divided and  
thrown on either side of the rock.

## THE LOST PARADISE

An Excellent Attraction at the Opera  
House For Thanksgiving.

The attraction at Myers Grand on  
Thursday next, Nov. 24 (Thanksgiving  
day) will be the young romantic actor,  
Harrison J. Wolfe and his clever com-  
pany presenting the New York success  
"The Lost Paradise." Harrison J.  
Wolfe stands today one of the best and  
youngest actors now before the foot-  
lights, his career being one that he may  
be proud of. He was for three years  
leading man with Margaret Mather up  
to the time of her death. He has also  
played leads with Mme. Rhea, Jas. A.  
Hearne, Jim the Penman, Paul Keravar,  
The Corcoran Brothers, and many other  
strong and first class attractions, and he  
comes to Janesville highly endorsed by  
the press. Miss Barrangere, his leading  
lady, whose picture may be seen in the  
leading art stores of Janesville, posed  
for the well known Photographer Baker,  
of Columbus, O., as the model for  
"Reading of Papa's Letter," "After the  
Ball," "Expecting," "At the Piano With  
Child," and many others. Mr. Wolfe is  
supported by a very strong company,  
special scenery being carried for the en-  
tire production, and the company is first  
class. "The Lost Paradise" will play a  
matinee for ladies and children com-  
mencing at 3 p. m. Thanksgiving day,  
and conclude their engagement with the  
evening performance.

### M'GINTY GOT THE BEST OF IT

Why Doc Roberts and Joe Coleman Feel  
That Life is a Failure.

Dr. E. D. Roberts, the veterinarian,  
and Joe Coleman, of the Park Hotel,  
are fond of a joke, but it makes them  
sore just now to speak of ghosts. On  
Saturday night they had an experience  
that they will not soon forget.

John Connors, the well known lilliput,  
is doing odd jobs about the Park, and  
sleeps in the laundry. The two jokers  
besmeared their faces and hands with  
phosphorus and wrapped great white  
sheets about them, and then invaded  
"McGinty's" abode. By groaning and  
moaning they awoke the little fellow,  
who beat a tattoo upon his bed with his  
heels, so agitated did he become at sight  
of the unearthly specters. He soon  
recovered his self-possession, however,  
and slipping from his bed he made a dash  
for the kitchen. Here he grabbed the  
meat cleaver, and returned to the laun-  
dry to demolish his unearthly visitors.  
They divined his purpose, although the  
surroundings were dark as Erebus, and  
proceeded to make themselves scarce.  
Coleman made a dash for the spot where  
he supposed the door was situated, but  
missed it by about a foot, and struck  
his nose against the door jamb. He stag-  
gered backwards, and in so doing  
knocked a dozen flat irons from their  
racks to the floor. He finally made the  
door and lost no time in reaching the  
office.

Meanwhile Dr. Roberts was penned  
in. Little "McGinty" was feeling along  
the walls for him with upraised cleaver.  
As the little fellow approached the cor-  
ner in which "Doc" was crouched, the  
latter spread out his hands, which were  
lined with phosphorus. With a startled  
cry "McGinty" dropped the cleaver and  
darted for the outer door and into the  
yard in the rear, while Doc made good  
his way to a place of safety.

The racket aroused the girls whose  
rooms are over the laundry, and there  
was a procession of half-clad, pale-faced  
damsels to the scene of the disturbance.  
When the facts were learned, there was  
a hearty laugh, in which Coleman and  
Roberts were compelled to join, although  
they were forced to realize that the  
laugh was on them instead of upon  
"McGinty," their intended victim.

**BELIEVE SPAIN WILL YIELD.**

To Make a Final Protest and Then Submit.

**MAY DENY THE CUBAN DEBT.**

The Action Will Have Little Effect on Europe, as Most of the Bonds Are Held in Spain—It Is Felt in Madrid That the Philippines Are Lost.

Paris, Nov. 21.—The Spanish peace commissioners will, unless all signs fall, yield to the demands of the United States for the cession of the Philippines. The Spaniards will protest, but submit. There will be no rupture of the peace negotiations. The Spaniards will bow to the inevitable. They recognize that they cannot resist the will of America. They will simply try to obtain the most possible in the way of pecuniary compensation. They will not get as much as they expect.

The Gaulois, which is frequently inspired by the Spanish delegates, says that they will present a memorandum at today's meeting of the peace commissioners in which they will deny that clause 3 of the protocol implies the cession of the Philippines.

The American commissioners, the Gaulois says, are expected to maintain their demands. The Spanish will then draw up a protest against the American attitude, followed by a declaration that they yield to nothing but force. Then negotiations on the Philippines will be commenced without delay.

With questions of principle thus cleared away and settled, it is believed that the negotiations will not be long drawn out. Spain is making a last play for European sympathy by threatening to repudiate her debts. This will doubtless fail, as most of these bonds are now held by Spaniards.

**To Repudiate Cuban Debt.**

Madrid, Nov. 21.—In political circles it is asserted that an agreement has been reached between the peace commissioners in Paris. The government, it is semi-officially announced, intends to notify the Cuban bondholders that Spain will not pay the Cuban debt, which will not be mentioned in the peace treaty. The government considers itself completely freed from these entanglements, "which fall upon the nation exercising sovereignty and collecting taxes in Cuba."

**Fond Du Lac Suspects Caught.**

Jefferson, Wis., Nov. 21.—Sheriff Roach has arrested three men in this city on suspicion that they were the ones who held up Mail-Carrier George Seitz and killed Policeman Prinslow of Fond du Lac. Sheriff Shaefer and Thomas Kelly came down on the noon train to identify them. Mr. Kelly, who is in Seitz' employ, positively identified them as the men who took part in the shooting and hold-up. They gave their names as James Browning, Thomas Dixon and Thomas J. Kingston.

**Soldiers Ordered to Panama, Ill.**

Springfield, Ill., Nov. 21.—Gov. Tanner has ordered Company C, Fifth Infantry, Illinois national guard, of this city, to Panama to re-enforce the troops already there. Lieut.-Col. Wells, Fifth Infantry, of Decatur, has been ordered to Panama to take command of the troops. The action taken by the governor was the result of a conference with a delegation of forty citizens of Panama, who came here to request that some action be taken to restore peace and tranquillity.

**Kidnap His Ten-Year-Old Son.**

Niles, Mich., Nov. 21.—The 10-year-old son of D. J. Harris of Vandalla was unable to recite his spelling lesson with sufficient accuracy to please his parent, and the latter sought to eject a little orthography into him by placing a hemp rope about his neck and tying the other end to a rafter. He then went away, and neighbors found the lad just in time to cut him down and save his life. Harris is in jail charged with attempted murder.

Late to bed and early to rise prepares a man for his home in the skies. But early to bed and a Little Early Riser, the pill that makes life longer and better and wiser. People's Drug Store, corner Main and Milwaukee streets.

**Making Canada a War Base.**

Ottawa, Can., Nov. 21.—At the rate heavy ship guns, quick-firers, small arms, ammunition, munitions of war and stores for active service are arriving at Halifax and Esquimaux it will soon be possible to convert ocean liners into armed cruisers and transports equivalent to the embarkation of 10,000 men simultaneously at any points in the far eastern seas to which the ships might be ordered.

**The Best Plaster.**

A piece of flannel dampened with Chamberlain's Pain Balm and bound on to the affected parts is superior to any plaster. When troubled with a pain in the chest or side, or a lame back, give it a trial. You are certain to be more than pleased with the prompt relief which it affords. Pain Balm is also a certain cure for rheumatism. For sale by People's Drug Co.

**Canary Is For the Canal.**

Washington, Nov. 21.—Senator Caffery of Louisiana in an interview said he heartily favored the building of an isthmian canal under the direct control of the United States and without the interposition of any company with their alleged concessions. He said the maritime coal company has not and never had the capital necessary for the construction of this canal.

**HAVANA DREADS THE ARMY.**

Citizens, Afraid of Mutiny, Long for American Soldiers.

Havana, Nov. 21.—Havana is in a condition not of tumult but of unrest. The mass of the population is not turbulent. It is as anxious as the business men for a quiet transition from Spanish rule to American control.

Outside the vicious and criminal classes, whose numbers have unfortunately been increasing, the city dreads disorder. All classes may be relied upon to exercise self-restraint and to aid the authorities. But they do not know what the army may do, and, not knowing, they are feverish and expectant. It is a question with some observers whether trouble will yet come in Cuba or whether the ambitious soldier-politicians will mold the troops to their purposes and hold them in check until the return to Spain. The proposition is not a complicated one. If they get a fair share of the back pay that is due them the troops will remain quiet.

That many of the Spanish battalions are ready to mutiny is apparent. These will be the first placed aboard the transports and sent back. The evacuation is likely to be hastened by this circumstance. The authorities have been slow and have found pretexts for delay, but when they themselves are threatened if the inaction continues they will find it feasible to embark the troops with some rapidity.

Capt.-Gen. Blanco is himself anxious to return, but he cannot embark till the preparations for sending back the troops in Havana province have reached a more forward step. He is said to be urging his subordinates to greater activity.

**Considers It Bad Business.**

Philadelphia, Pa., Nov. 21.—Ex-United States Senator George F. Edmunds has written a letter to Gov. Stewart of Vermont expressing his views on the proposed annexation of the Philippine islands to the United States. Mr. Edmunds says in part: "In a business point of view we must take into consideration the cost of governing the Philippine islands. This cost cannot in all human probability be met by the taxation of the inhabitants to any considerable extent. If we take them we must govern them by external power and not through any autonomy of their own. This means a large and expensive civil list, which must in the main be paid out of the treasury of the United States."

**Predicts Great Britain's Doom.**

Paris, Nov. 21.—The Rappel, in threatening Great Britain with French hostility in the future, says: "The blunders of Great Britain in the Fashoda question have irritated Europe and have excited the appetite of the United States, Great Britain and America can scarcely continue to agree. Canada is very tempting after Cuba, and then Jamaica, British Guiana, and the Cape. A decade hence Great Britain will be caught between Europe and the United States, and that day will be Great Britain's death."

**REGAINED HEALTH.**

Gratifying Letters to Mrs. Pinkham From Happy Women.

**"I Owe You My Life."**

Mrs. E. WOOLHISER, Mills, Neb., writes: "DEAR MRS. PINKHAM:—I owe my life to your Vegetable Compound. The doctors said I had consumption and nothing could be done for me. My menstruation had stopped and they said my blood was turning to water. I had several doctors. They all said I could not live. I began the use of Lydia E. Pinkham's Vegetable Compound, and it helped me right away; menses returned and I have gained in weight. I have better health than I have had for years. It is wonderful what your Compound has done for me."

**"I Feel Like a New Person."**

Mrs. GEO. LEACH, 1609 Belle St., Alton, Ill., writes: "Before I began to take your Vegetable Compound I was a great sufferer from womb trouble. Menses would appear two and three times in a month, causing me to be so weak I could not stand. I could neither sleep nor eat, and looked so badly my friends hardly knew me. "I took doctor's medicine but did not derive much benefit from it. My druggist gave me one of your little books, and after reading it I decided to try Lydia E. Pinkham's Vegetable Compound. I feel like a new person. I would not give your Compound for all the doctors' medicine in the world. I can not praise it enough."
